

## ***From His Hand***

---

*Chorus*

From His hand- the stars and the sun  
From His hand- and all of creation  
From His hand  
Yes faith, hope and love  
All come from our Father above

*repeat*

Look around and tell me what you see  
What a wonderful earth-  
Did it just happen to be?  
Or did a loving Father make it all for us?

Night follows day  
The moon knows its course  
The womb brings forth life  
In a miracle of birth  
How could anybody fail to see the plan  
That God has for woman and man!

*Chorus*

The maker of us all sent His Son to us  
Instead of giving praise  
We nailed Him to a cross  
Jesus died and rose  
That we might join with Him  
One family for all eternity, so we sing . . .

## *Chorus*

From His hand- the stars and the sun  
From His hand- and all of creation  
From His hand  
Yes faith, hope and love

All come from our Father above  
All come from our Father above  
Yes come from our Father above  
From His hand
