

New Creation Teaching Ministry

Web Studies

From its inception (1973) the NCTM team, associate Pastors and others have been teaching to live audiences in various venues throughout the country and around the world, and have had a special concern to provide resources for those who lead and feed the flock of Christ.

Being assembled here are some of the presentations. Most of these sessions have been recorded. All the notes are free to download. This list will be completed as effort permits.

If you require the associated media to accompany the notes please contact NCTM with the media code. We are currently but slowly converting all the tapes to mp3 format to be available on CD. See the current mp3 order form and the mp3 which are available.

For further studies see Also the Commentaries Page and the Teaching Schools
